

Junagadh Agricultural University (JAU) – Groundnut Seed Program

Schemes Details

| | |
|---------------------------|--|
| Department | Agriculture, Farmers Welfare |
| Objective | To develop and provide high-yielding, disease-resistant, and oil-rich groundnut seed varieties suitable for Saurashtra and Gujarat's agro-climatic zones. |
| Purpose | To increase groundnut productivity, ensure availability of quality certified seed to farmers, and promote region-specific improved varieties. |
| Benefits | 15–25% higher yield compared to traditional seeds. Resistant to major diseases like tikka and rust. Improved oil recovery and better market value. |
| Eligibility | Farmers from Gujarat, especially Saurashtra region. Must be registered with Agriculture Department or KVK for seed distribution. Should have suitable land for kharif or rabi groundnut cultivation. |
| Documents Required | Aadhaar Card 7/12 Land Record (Satbara) Bank Passbook Copy Passport-size Photo Mobile Number iKhedut / Farmer Registration (if available) Address Proof (Ration Card / Electricity Bill) Application Form from JAU / KVK |
